

DO YOU HAVE WHAT IT TAKES TO LEAD A HUMAN FACTORS TEAM TO THE NEXT LEVEL?

CRA is a Holistic Operational Risk Consultancy offering a broad range of services to the Defence, Nuclear and Finance sectors. Innovators in the world of risk, CRA are focussed on the integration of Human Factors, Human Reliability, Probabilistic Safety Assessments, Safety Case and Advanced Risk Analysis. We are currently expanding and are looking to grow our offices in London, Warrington and Gloucester.

We're looking for a highly motivated person to build and lead the CRA Human Factors service. You will have both the personal and technical skills to inspire and build our team of suitably qualified and experienced personnel. Responsibilities will span technical work, project management, knowledge transfer, leadership and business development.

Your technical credibility will include expertise in:

- Human Performance, particularly Human Error Analysis and Human Reliability Analysis
- Human Factors Integration process and planning
- The range of Human Factors technical activities spanning design, development and assessment.

We are looking for candidates with:

- A proven track record in Business Development and team building
- Minimum of an MSc in Human Factors or a related qualification
- Minimum of 15 years of successful HF project delivery
- Registered or Chartered status with a recognised professional body, or willing to work towards this within 6 months
- Track record of client management and winning new business
- Experience of a range of project types, including developing and delivering training courses
- Ability to manage multiple projects
- A willingness to travel and ensure CRA HF has a voice at conferences in the UK and abroad
- Experience of a range of industry sectors would be highly desirable.

As thought leaders in Risk Management, CRA encourages innovation to develop new services, products, skills and services. We will provide the training and support you need to meet your career goals. This is a unique opportunity to shape the future of the Human Factors team within CRA.

Salary and Benefits

A competitive package is offered including Private Medical Insurance and a generous company pension contribution. The hours can be flexible and the role can be based at any of our offices in the UK. Some travel will be necessary.
