

Human Factors Consultants - Come Join Our Team

Contact James Amende to discuss how you can get involved in our exciting growth plans!

We are looking to recruit:

- Principal Human Factors consultants
- Senior Human Factors consultants
- Graduate Human Factors consultants

on a permanent basis, to work with our busy and expanding Human Factors core team.

With our recent acquisition by Assystem adding to the opportunities available you will be working on a wide range of UK and International Human Factors projects, in safety critical domains.

Experience

Whilst experience applying Human Factors in safety critical sectors is preferable, it is not mandatory. We are open to receiving applications from a range of working backgrounds.

Desirable Skills and Attributes

- Enthusiasm to develop your Human Factors skillset and to challenge yourself.
- Confidence to present and engage with our clients
- Excellent written and oral communication skills
- Strong problem solving ability
- High level of IT proficiency, computer literacy, MS Office Suite
- Ability to think intuitively and creatively
- Good report writing and presentation skills

Optional: French, Mandarin, Japanese or Russian language skills.

How to apply

Contact jamende@crarisk.com with your CV or call him on 07852 826291.
